Kevin,

Thank you so much for coordinating the entire interview process.

While preparing for the interview, I had to make some pretty nuanced last minute adjustments and my mind was at ease knowing that I had a professional, courteous, and amazing coordinator preparing the logistics of the interview process.

As opposed to worrying about the timetables and schedules, your efficient coordination allowed me to focus my energy towards ensuring I highlighted my background and experiences appropriately.

Thank again.

Sincerely,

Jason L. Seto
